Date:16. 07. 2015

IACS is in the process of implementing an integrated, secured and centrally managed **Oracle-ERP package** to get a fully computerised accounts and financial system that will provide customized reports and user screens along with an effective interface between the system and the end users at various levels. The solution is envisaged to have wide coverage in computerising almost all the aspects of administrative, accounts, stores and other related works. To this goal, IACS is looking for a software professional in the capacity of Software Consultant, having graduate/postgraduate degree in Science, Engineering, Computer Application or any other related field, and having knowledge of Oracle database, to act as an interconnect between the end users and the software solution providers. Applicants should have at least 2-4 years of experience in Oracle financials, having India localization. The applicants should be conversant with the process flows and configurations within the system. Appointment will be given on contractual basis, initially for 1 (one) year but can be extended on yearly extension basis, depending upon performance and also on the requirement of the Institute. The preferred age-range could be 45-50 years. The consolidated monthly remuneration will be around 45,000/-. Higher consolidated remuneration can be offered to exceptionally deserving candidate. Interested applicants are encouraged to send their complete CV electronically at apply@iacs.res.in within 10 days of publication of the advertisement, mentioning minimum expected salary and the salary being currently drawn by the working incumbents. Selection will be made on the basis of performance in written test and/or interviews.
