Junior Research Fellow (JRF) Selection in the School of Chemical Sciences

Applications are invited for a **Junior Research Fellow (one post)** as a part of a **DST-funded Indo-Sweden joint research project** entitled “*Nanometric Sensitizer-Polyoxometalate Tandem System for Photocatalytic Water Splitting*”. Interested candidates with the following qualifications are **required to apply along with a softcopy of full bio-data to Prof. Raju Mondal (School of Chemical Sciences, E-mail: icrm@iacs.res.in by 10th March.2022.**

Essential qualifications: First class in B.Sc. and M.Sc. degree with minimum average marks of 60% in Chemistry from a recognized university or institute. The candidates should have qualified UGC/CSIR/DST-INSPIRE.

Duration: 2 years or completion of the project, whichever is earlier. Funding may continue for the deserving candidate to complete PhD degree.

Age Limit: 28 years. Age relaxation is applicable as per govt. rule.

Emoluments: As per DST-SERB rules.

Last Date of receipt of application: 10th March 2022.

Date of Interview: The exact date and time will be informed to the short listed candidates.

The post is purely temporary and no TA will be admissible for attending the interview.

For any query, please contact with Prof. Raju Mondal (icrm@iacs.res.in)
